ADITYA PATIL

Computer Science & Data Analytics | Kolhapur, Maharashtra
LinkedIn: linkedin.com/in/aditya-patil | GitHub: github.com/adityapatil-dev

EDUCATION

KIT's College of Engineering, Kolhapur - Autonomous
B.Tech in Computer Science and Business Systems (2023 - 2027) | CGPA: 7.50 / 10.0

TECHNICAL SKILLS

Programming Languages: Java, Python, C, SQL
Data Analytics & BI: Power BI, Microsoft Excel, Pandas, NumPy, Matplotlib
Computer Vision & Web: OpenCV, Image Processing, HTML5, CSS3, JavaScript
Core CS & Databases: Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks, MySQL
Developer Tools: Git, GitHub, VS Code

SELECTED PROJECTS

1. IPL Analysis Dashboard: Power BI, Python, Pandas, Matplotlib, Excel
   Comprehensive cricket analytics analyzing match trends, player performance, and seasonal outcomes.
2. Swiggy Sales Analysis Dashboard: Power BI, SQL, Python, Excel
   Multi-dimensional food delivery sales analysis tracking revenue, order volumes, and city patterns.
3. Mobile Sales Analysis Dashboard: Power BI, DAX, Excel
   Retail device performance report tracking brand market share and regional sales dynamics.
4. OMR Sheet Evaluator (SCANALYZE): Python, OpenCV, NumPy, FastAPI
   Automated exam evaluation system with contour detection, bubble recognition, and scoring.
5. College Predictor: HTML, CSS, JavaScript, Excel Data Modeling
   Interactive web tool predicting engineering admission opportunities based on cutoff trends.

PROBLEM SOLVING & CERTIFICATIONS

Problem Solving: Solved 200+ LeetCode problems in Java focusing on DSA and algorithms.
Certifications: NPTEL - Cyber Security and Privacy | Udemy - Basic Web Development
